Heather Allard
AUSTIN DOG ALLIANCE

Foster To Adoption Program Offered

Austin Dog Alliance places animals in loving homes. They also provide a special program for those that would like to help prepare dogs and puppies for future homes.

The Foster to Adoption program is another way to ease overcrowding in area shelters. The program makes dog placement a little different and helps the dogs to adjust. It also helps to determine which family would be a good match.

Heather Allard with Austin Dog Alliance visited KEYE TV Morning News to tell us more about the program.

For more information visit, www.AustinDogAlliance.org
